Hi karl and Ilyana, we would like to visit mignon the cat and her kitten. Is Saturday afternoon ok for you?

Pls return the cat to us. When we rescued the cat and handed her to you, it was on the basis that you would spay her after she has given birth. When we call or sms, you did not respond. This puts us in doubt about your responsibility towards the cat. Many people hv called asking to adopt her, but we chose to give you as you seemed nice and trustworthy. We feel very sad that we have given the wrong person so pls return the cat now.

Karl And Ilyana

Is there any problem if we dont want spay the cat?

8:49PM

Kucing ni u bagi saya ke atau u nak saya jaga? Saya pun tak faham la...

8:51PM

So pls bagi balik. We just want what's good for the cat, not because we want u to jaga. We had an agreement. You kept saying yes you will spay, that's why we gave you. What is your reason for not keeping your promise??

Karl And Ilyana

Why must i spay the cat???

8:56PM

What is best for the cat? Is spaying best for her??

8:57PM

You said you will. You promised. We will not give to anybody who will not spay their cat. Is she pregnant again now? I will send you a link from peta.com so that you can understand why you Must spay. Spaying is BEST for her. I will send you the link

8:58PM

All the pets we rescued we make sure they are spayed or make sure the adopters spay. All of them are spayed and adopters keep to their promise because they also understand the benefits. Pls read this link so you can understand too. Thank you. <http://www.peta.org/issues/companion-animal->

Karl And Ilyana

We are animals lover. We know what best for her? Thats why we adopt her from u. U gave her to us because u tak nak jaga the cat. That it. U has no right to call us untrusworthy.. It is u the one cant take care of her. Is it right?

9:10PM

She is not my cat. She was born in the market because some irresponsible owner did not spay their cat. She was suffering in the market, because she was pregnant. If we did not rescue her, she and her kittens will continue to suffer and give birth to more and more kittens who will also suffer. We are trying to reduce the stray cat population by rescuing her and getting a good home for her. Pls cooperate or pls give back since you have failed to keep your

ignorant cat lover. You call it your cat. if she's spayed.

9:32PM

So i think u can spay all women in India. It also over populated there..

9:38PM

Yeah, neuter all the rapists there pls. excuse me, Pls don't be so narrowed minded, I don't have time for this sort of nonsense, humans can think and do birth control, they are not like animals!

9:41PM

Do u share the same bed with your pet? The same plate? So please mind your own bissness

9:41PM

Don't promise if you cannot do. Simple logic. Don't take our rescued cat if you cannot fulfil the condition of the adoption. Even if you adopt from shelters, they will make sure the cat

9:42PM

Karl And Ilyana

So.. I think u can spay all the cats and dog in the world. Not my cat. Thank you

9:27PM

It's not your cat. You didn't rescue her. You took it from us because you lied to us about spaying her. We asked you many times, you said yes yes yes. So it's not cat, return us the cat. Even the nasi lemak malay lady who feeds her in the market keeps asking her whether the cat is spayed, and we are malu to face her.

9:29PM

This attitude of not spaying your pet is ignorant and uneducated. This mindset can be changed with more exposure and reading. You can go volunteer at shelters, and can see for yourself. I know you are a cat lover but pls don't be an

Karl And Ilyana

If all cats spay? What left in the world? Is It u call lover?

9:20PM

Do you know all the animal shelters in msia are overpopulated with cats and dogs? If you want, I can bring you 100 kittens anytime. All the shelters are also burdened, they don't have enuf money to take care of them, I know because Im a volunteer at many of these shelters.

9:23PM

But bottom line is we only give to adopters who spay. Not otherwise. If you cannot, don't promise, if cannot and changed your mind, pls return us as that is our main condition. We know you are cat lovers but you have failed us.

9:25PM

Karl And Ilyana

you have failed to keep your word. This is the rescuer's procedure Sop.

MMS 9:15PM

The link tell about overpopulation of cat.. It is not a problem to Us if she get pregnant again.. The link also tell about disease.. I think if we took her to see vet, its not a problem also.. So please.. We love the cat like our family.. Dont accuse us

9:16PM

Real animal lovers will spay. Why did you promise??? And then break your promise. How can we consider you trustworthy. We are not accusing you and then you also did not reply for a few weeks.

9:18PM

Do you want us to help you to spay her? We can do it.
